

Virtual Dental Care

Speak with a dentist online anytime, anywhere.

Virtual dental care will be available to qualifying groups effective January 1, 2025. Please talk to your Delta Dental client manager to learn if you're eligible for this benefit.

What is virtual dental care?

Members with an employer-sponsored Delta Dental of Washington plan have immediate access to professional dental services and advice, whenever and wherever is most convenient to them, all from the palm of their hand.

How it works

- 1** Go to **dentistry.one/delta-dental-wa** and create an account.
- 2** Speak with a live dentist now, schedule an appointment, or send pictures for review.
- 3** Receive a personalized Oral Health Report with recommended next steps.
- 4** Dentistry.One can help schedule a visit with an in-network provider nearby.

Healthy and happy employees

- Boost Productivity**
Offer your employees dental benefits from their homes, reducing the need for travel and minimizing time away from work.
- Enhance Employee Well-Being**
Alleviate the stress and anxiety often linked with in-person dental visits.
- Optimize Cost Efficiency**
Help your employees save on transportation and childcare expenses, while potentially lowering overall dental care costs through early diagnosis and prevention.

24/7 access to virtual dental services

-  Emergencies
-  Oral Health Screenings
-  Limited Assessments
-  Problem-Focused Evaluations
-  Treatment Options
-  Oral Hygiene Questions

Virtual services may apply towards a member's annual plan maximum. Please review plan documents to confirm if preventive care costs are included in the annual plan maximum.

Oral health evolution, from anywhere with SmileScan

SmileScan allows members to receive an AI generated oral health assessment by submitting photos of teeth. SmileScan has no impact on a member's annual plan maximum.
