Questions and Answers

TPU S 17th St Court D/E RFB Specification No. PW23-0090F

All interested parties had the opportunity to submit questions in writing by email to Carly Fowler, Senior Buyer by March 11, 2024. The answers to the questions received are provided below and posted to the City's website at www.TacomaPurchasing.org. Navigate to [Current Contracting Opportunities / Public Works and Improvements Solicitations](#), and then click [Questions and Answers](#) for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

1. Question: Is there a soils report for this project? If so can you please provide this information?

Answer: Available information is reported in Appendix C of the Specifications.

2. Question: The plans are unclear as to the elevation of the duct banks. We found one location in the plans where the duct back elevation is given, but for the remaining sections the duct bank elevation is unclear. Can you please provide profiles for all the duct bank work?

Answer: The depth of the duct banks is indicated by the various duct bank section details and associated cover specified, and also per vault detail sheets for the vault connection elevations.
