## Questions and Answers

### LEACH CREEK STORMWATER HOLDING BASIN MODIFICATIONS REBID RFB Specification No. ES23-0281F

All interested parties had the opportunity to submit questions in writing by email to Dawn DeJarlais, Senior Buyer by January 29, 2024. The answers to the questions received are provided below and posted to the City's website at [www.TacomaPurchasing.org](http://www.TacomaPurchasing.org). Navigate to [Current Contracting Opportunities / Public Works and Improvements Solicitations](#), and then click *Questions and Answers* for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

**Question 1: Has the City requested time extensions for the wetland/water quality permits associated with this project.**

Answer 1: Yes, The City has requested and received time extensions for the wetland/water quality permits associated with this project.

**Question 2: I am running through the specifications for the project. I see there is a water quality certification associated with the project. Has the City applied for or obtained the Construction Stormwater Permit and the Companion Administrative order for handling of contaminated ground water and surface water? These permits have been taking approx. 120 days for contractors to obtain.**

Answer 2: The City has applied for and received the required permits for this project from the appropriate permit agencies.
