

## Q&A- BRAYVE Pre-Proposal Meeting

Held- May 12, 2025 10:00 a.m.

1. **Question:** Since a portion of the funding is federal, can you give us any guidance of language we should or shouldn't use in our application. For example, if an organization primarily serves BIPOC applicants, I imagine the City would want to know about this but that it might disqualify us from federal funding. Can you give any guidance about how to navigate this?

**Answer:** Answer the question based on the services you'll be providing including the design of those services. Federal funds are not the only funding source for this solicitation; applicants will identify if they are eligible to and willing to receive federal funds as part of Question 6 on page 12 of the Solicitation.

2. **Question:** Would first quarter reporting be due November 2025?

**Answer:** 2025 services would be reported in January.

3. **Questions:** Is an electronic signature acceptable on the Signature page?

**Answer:** Yes, an electronic signature is acceptable on the Signature page.

4. **Question:** What does it mean that there are several funding sources?

**Answer:** On page 12 of the RFP, it states that this RFP has both federal and general funds available.

5. **Question:** If we are proposing a new program, and the organization has not done the program before, do you want to see past data from the organization in general or projecting out who we anticipate serving and data we are projecting rather than data that has been done in the past?

**Answer:** Applicants should project data for the services being proposed. There are also questions where the applicant can speak to its experience that would support it being successful in delivering the new service. Please refer to the questions and answer them fully.

6. **Questions:** How many awards to you anticipate?

**Answers:** 4-7 awards are anticipated depending on scope of services and the amount allocated by the Selection Advisory Committee.
