

Equity in Contracting Advisory Committee Member

THOMAS EBENHOH

My name is Thomas Ebenhoh and I bring a wealth of experience in public procurement and contracting. Originally from Cleveland, Ohio, I served in the U.S. Air Force with a focus on contracting and acquisition. After my military service, I continued in federal service for over 20 years, gaining comprehensive expertise across all types of procurements.

I also have experience in the private sector.

Now residing in Tacoma, Washington, I am deeply committed to community engagement. I enjoy spending time outdoors, taking neighborhood walks, and volunteering at various events throughout Tacoma. I currently serve as Vice Chair of the New Tacoma Neighborhood Council, where I help advocate for residents and support neighborhood initiatives.

I am honored to serve on the City of Tacoma's Equity in Contracting Advisory Committee and look forward to contributing meaningfully to promote fairness, access, and opportunity in public contracting.
