1. BACKGROUND

The Cowlitz Project (FERC No. 2016) is Tacoma Power's largest electrical generating facility and is located on the Cowlitz River in Lewis County, Washington. The Project consists of two dams, Mayfield Dam at river mile (RM) 52 and Mossyrock Dam, upstream at RM 65. In addition to generating electricity and providing flood control, Tacoma operates three major parks, manages approximately 14,000 acres of wildlife lands, owns and funds the operation of the Cowlitz Salmon Hatchery (RM 50) and the Cowlitz Trout Hatchery (RM 42), and operates a large fish passage program around the dams on the Cowlitz River.

The original license for the Cowlitz Hydro Project included the requirement for two large hatcheries to be constructed and operated on the lower Cowlitz River by Tacoma Power. The Cowlitz Salmon Hatchery began operation in 1967, and six miles downstream, the Cowlitz Trout Hatchery began operation in 1968. Tacoma Power has funded and operated these hatcheries continuously since they began operation.

The Cowlitz Hydro Project license was renewed for a period of 35 years on July 18, 2003, by the FERC. Tacoma Power continues to be obligated to implement FERC license orders in an adaptive manner to protect, mitigate, and enhance the natural resources of the Cowlitz River system for the term of the new license.

The City of Tacoma, Department of Public Utilities, Light Division (dba Tacoma Power) is required by the Federal Energy Regulatory Commission (FERC) license for the Cowlitz Hydroelectric Project (FERC No. 2016) to produce and plant 50,000 pounds of hatchery trout to designated lakes and streams within 65 road miles (one way) of Toledo, Washington. Tacoma Power is soliciting Requests for Proposals (RFP) from qualified firms to plant up to 50,000 pounds of hatchery, adiposed clipped, trout into designated streams, lakes, and reservoirs in Lewis County annually between March and August 2027.

To learn more about the City of Tacoma, visit www.cityoftacoma.org.

The City anticipates awarding the single Catchable Trout contract, which will include one delivery a week to a location listed on the attached schedule between the months of March through August. Submittals submitted and/or the selected Consultant(s) may be used for projects of similar type and scope at the sole discretion of the City for up to one year.

2. MINIMUM REQUIREMENTS

The contractor's minimum requirements are as follows:

1. Provide fifty thousand (50,000) pounds of hatchery trout, at a size of one (1) to three (3) fish per pound, available for delivery between March and August, annually, per the specifications in section 3. *Scope of Services and Deliverables.*
2. Provide the disease history of your facility and the source of hatchery rainbow trout broodstock.

3. The facility used for this contract is certified disease-free by WDFW or other acceptable jurisdictions.

The trout will be released to areas designated by Tacoma Power that are within 65 road miles (one way) of Toledo, Washington. One delivery a week, preferably on Thursdays, will be required unless agreed upon by both Tacoma Power and Contractor(s).

The contractor will supply and plant hatchery trout that meet or exceed the following requirements:

- The hatchery trout source broodstock will be certified disease-free by the producer and WDFW, or other applicable jurisdiction.

  All disease testing will adhere to the protocols contained and described in the Salmonid Disease Policy of the Co-Managers of Washington State, revised July 2006. http://access.nwifc.org/enhance/documents/FinalDiseasePolicy-July2006_Ver3.pdf

During the course and performance of the services herein specified, CONTRACTOR will maintain the insurance coverage in the amounts and in the manner specified in the City of Tacoma Insurance Requirements as is applicable to the services and deliverables provided under this Contract. The City of Tacoma Insurance Requirements documents are fully incorporated herein by reference.

Failure by City to identify a deficiency in the insurance documentation provided by Contractor or failure of City to demand verification of coverage or compliance by Contractor with these insurance requirements shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

27. Nondiscrimination

The CONTRACTOR agrees to take all steps necessary to comply with all federal, state, and City laws and policies regarding non-discrimination and equal employment opportunities. The CONTRACTOR shall not discriminate in any employment action because of race, religion, creed, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, veteran or military status, the

32. Duty of Confidentiality

CONTRACTOR acknowledges that unauthorized disclosure of information or documentation concerning the Scope of Work hereunder may cause substantial economic loss or harm to the CITY.

Except for disclosure of information and documents to CONTRACTOR's employees, agents, or subcontractors who have a substantial need to know such information in connection with CONTRACTOR's performance of obligations under this Contract, the CONTRACTOR shall not without prior written authorization by the CITY allow the release, dissemination, distribution, sharing, or other publication or disclosure of information or documentation obtained, discovered, shared or produced pursuant to this Contract.

34. Dispute Resolution

In the event of a dispute pertaining to this Contract, the parties agree to attempt to negotiate in good faith an acceptable resolution. If a resolution cannot be negotiated, then the parties agree to submit the dispute to voluntary non-binding mediation before pursuing other remedies. This provision does not limit the CITY'S right to terminate authorized by this Contract.
