## Public Works Engineering

**ADDENDUM NO. 3**

**DATE: 02/26/2026**

**REVISIONS TO: Request for Bids Specification No. PW25-0197F  
S Cedar Street Active Transportation Enhancements: S 15th St to S Center St**

### **NOTICE TO ALL BIDDERS:**

This addendum is issued to clarify, revise, add to or delete from, the original specification documents for the above project. This addendum, as integrated with the original specification documents, shall form the specification documents. The noted revisions shall take precedence over previously issued specification documents and shall become part of this contract.

### **REVISIONS TO THE SUBMITTAL DEADLINE:**

The submittal deadline has been changed to 11:00 a.m., Pacific Time, Tuesday, March 10, 2026.

### **REVISIONS TO THE PROPOSAL PAGES:**

Remove Bid Proposal and replace in its entirety with Bid Proposal marked Addendum No.3.

### **REVISIONS TO THE SUBMITTAL PACKAGE:**

Remove Bid Proposal and replace in its entirety with Bid Proposal marked Addendum No.3.

**NOTE:** Acknowledge receipt of this addendum by initialing the corresponding space as indicated on the signature page. Vendors who have already submitted their bid/proposal may contact the Purchasing Division at 253-502-8468 and request return of their bid/proposal for acknowledgment and re-submittal. Or, a letter acknowledging receipt of this addendum may be submitted in an envelope marked Request for Bids Specification No. PW25-0197F Addendum No. 3. The City reserves the right to reject any and all bids, including, in certain circumstances, for failure to appropriately acknowledge this addendum.

cc: Veronicah Munyao / Public Works Engineering

**BID PROPOSAL**

SPECIFICATION NO. PW25-0197F

**CEDAR STREET ACTIVE TRANSPORTATION**

**ENHANCEMENTS:**

**S 15th St to S Center St**

The undersigned hereby certifies that he/she has examined the location and construction details of work as outlined on the Plans and Specifications for Project No. PW25-0197F, and has read and thoroughly understands the Plans and Specifications and contract governing the work embraced in this improvement and the method by which payment will be made for said work, and hereby proposes to undertake and complete the work embraced in this improvement in accordance with said Plans, Specifications and contract and at the following schedule of rates and prices.

NOTE:

1. Unit prices of all items, all extensions and total amount of bid should be shown. Show unit prices in figures only.
2. The notations below the item numbers refer to the specification section where information may be found regarding each contract item. These notations are intended only as a guide and are not warranted to refer to all specification sections where information may be found.
3. Common bid items between the schedules that have unit prices, shall have the same unit price on each schedule. If the unit pricing does not match between these common items, the city will take the weighted average and correct the unit price.
4. The base bid will be determined by adding the total of Schedule A and Schedule B.

All bid items are sorted in the following schedules:

- **SCHEDULE A: Roadway, Bid Items R(a)1- R(a)65**
- **SCHEDULE B: Additional Scope (Active Transportation), Bid Items R(b)1- R(b)24**

**Proposal for Incorporating Recycled Materials into the Project**

In compliance with a new law that went into effect January 1, 2016 (SHB1695), the Bidder shall propose below, the total percent of construction aggregate and concrete materials to be incorporated into the Project that are recycled materials. Calculated percentages must be within the amounts allowed in Section 9-03.21(1) E, Table on Maximum Allowable Percent (By Weight) of Recycled Material, of the Standard Specifications.

Proposed total percentage: \_\_\_\_\_ percent.

*Note: Use of recycled materials is highly encouraged within the limits shown above, but does not constitute a Bidder Preference, and will not affect the determination of award, unless two or more lowest responsive Bid totals are exactly equal, in which case proposed recycling percentages will be used as a tie-breaker, per the APWA GSP in Section 1-03.1 of the Special Provisions. Regardless, the Bidder's stated proposed percentages will become a goal the Contractor should do its best to accomplish. Bidders will be required to report on recycled materials incorporated into the Project, in accordance with the APWA GSP in Section 1-06.6 of the Special Provisions.*
