## Questions and Answers

### Lincoln Ave and Port of Tacoma Road Railroad Crossings Signal Installation RFB Specification No. TR25-0051F

All interested parties have the opportunity to submit questions in writing by email to Sara Bird, Senior Buyer, by February 13, 2026. The answers to the questions received are provided below and posted to the City's website at [www.TacomaPurchasing.org](http://www.TacomaPurchasing.org). Navigate to [Current Contracting Opportunities / Public Works and Improvements Solicitations](#), and then click [Questions and Answers](#) for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

**Question 1:** We were going over the plans for this project and noticed sheets PS11 and PS12 appear to be missing. Can you confirm if these are missing or intentionally excluded?

**Answer 1:** No plan sheets have been omitted from the plan set. The index is not correct and should read PS01 – PS10. We will address this with Addendum No. 1.

**Question 2:** We just received the addendum for the above project and had a question regarding the Statement of qualifications for rail contractor. Does the Prime contractor have to show the 3 self-performed projects or will a certified subcontractor suffice for the qualifications?

**Answer 2:** The intent is for the Prime contractor to show the 3 self-performed projects. Please see addendum 2 clarifying the special provisions and changing the Statement of Qualifications for Prime Rail Contractor form.
