Questions and Answers

ICON Carts and Accessories

RFB Specification No. ES25-0142N

All interested parties had the opportunity to submit questions in writing by email to Anela Olson by July 30, 2025. The answers to the questions received are provided below and posted to the City's website at www.TacomaPurchasing.org. Navigate to [Current Contracting Opportunities / Supplies Solicitations](#), and then click *Questions and Answers* for this Specification. This information IS NOT considered an addendum. Respondents should consider this information when submitting their proposals.

Question 1: Can you please advise if there is a lead time requirement for this bid? The C20S could have a long lead time, but the I20S-HD is in stock. The i20S-HD is the heavy-duty version of the C20S. Is city of Tacoma willing to pay more for the HD version to have the equipment sooner?

Answer 1: As noted in the bid specifications, the City is requesting three (3) i20S-HD carts and one (1) C20S cart. While there is no formal lead time requirement stated in the bid, delivery time may be a consideration during bid evaluation. If the C20S has an extended lead time and the i20S-HD is readily available, bidders are welcome to note this in their proposal. However, any proposed substitutions or alternate configurations should be clearly identified, including pricing, and lead times. Please ensure all relevant details are included in your bid submission for proper evaluation. Let us know if further clarification is needed.
